

# Bride Role

## Congratulations! Today's the day.

As a bride you imagine yourself looking elegant in your dream dress and floating down the aisle. That is certainly going to happen however, planning your big day and being the bride-to-be can all get a little much if you don't organise yourself and others right from the very beginning.

Here at Your UK Wedding, we are here to help. Make sure to give yourself plenty of time to plan your wedding. Don't forget to ask for help from your family, friends and trusty bridesmaids. Most importantly of all is to make sure that you have fun and now and again take the time out to relax.

Remember, you are planning one of the happiest days of your entire life and we are glad that Your UK Wedding will be a part of it to guarantee you have an extraordinary day
